

SUMMARY

Creative, passionate, & reliable product designer with 8 years of experience creating software.

- Proficient in full product design lifecycle, including upfront product research and strategy
- Experience translating ambiguous problem spaces into easy-to-understand UIs
- Proficient in Sketch, Axure, and can learn whatever tool is preferred

EXPERIENCE

Senior UX Designer | Jellyvision

Sept 2020 – Present, Chicago, IL

- Design lead on new concepts team, working closely with product to define a entirely new product direction
- Led a robust qualitative research study to understand how people navigate healthcare & insurance
- Create wireframes, mock-ups, journey maps, & presentations to communicate ideas and findings

Product Designer | Devbridge

Aug 2017 – Sept 2020, Chicago, IL

- Designed products for numerous industries, shipping three MVPs in 2019 alone
- Created products from scratch, including data heavy UIs, doing full visual design, UX, & research
- Collaborated closely with development and PMs to get quality products launched quickly

UX Designer | Walgreens

May 2016 – Aug 2017, Chicago, IL

- Researched and led design on a new merchandising application to increase item setup productivity from 1-2 months to 2-3 weeks
- Worked closely with business stakeholders on the merchandising team to identify user pain points and feature opportunities
- Led in-person user testing sessions in lab on clickable prototype

Full Stack Developer | Havenly

Mar 2015 – Nov 2015, Denver, CO & Remote

- Played an integral role on a small development team and helped completely rewrite the application

Full Stack Developer | By the Pixel

Mar 2013 – Feb 2015, Denver, CO & Remote

- Interfaced directly with stakeholders and assisted in the design (technical and visual) of new features
